Market Reports help make informed real estate buying or selling decisions. The charts in this market report indicate trends for Single Family Homes in Big Sky, Montana.

Movement in any individual chart needs to be viewed in relation to at least one or more other charts.

For example, an increase in the "Months Supply" of inventory could be due to an increase of "New Listings". However, an increase of "Months Supply" inventory without an increase in "New Listings", combined with a decline in "Homes Sold" is an indicator of a market that is not able to absorb inventory effectively.
